

Appln No.: 10/063,792
Amendment Dated: May 15, 2009
Response after Board Decision mailed on March 30, 2009

REMARKS

This paper is filed in response to the Board of Patent Appeals and Interference's Decision ("the Decision") mailed on March 30, 2009.

In the Decision, the Board reversed the Examiner's rejections of claims 2-13, 15-23, 30-38, 40 and 41. Applicants have amended claim 1 to include the limitation introduced by herein cancelled claim 30 (e.g. that the "photoluminescent material" is a "fluorescent dye"). Applicants have made house keeping amendments to other claims to make them properly dependent from now amended claim 1. No new matter has been introduced by these amendments and they are fully supported by the specification

This amendment is believed to place all claims in condition for allowance and such action is earnestly solicited.

Respectfully Submitted,
